

SPARK WIRELESS®

Product Data Sheet

Spark Wireless is the first *Bluetooth*® headset designed by Focal. Completing the Spark Series, it naturally positions itself as a high-quality ultra-nomad headphone. Spark Wireless has been designed to deliver quality sound to a young, mobile and connected audience who wants to listen to music at any moment with complete freedom. Without a doubt the best in-ear in its class, Spark opens the door for audiences who are new to dematerialized music who want to enjoy their favorite songs differently, to experience a more authentic sound and new emotions, leaving no room for monotony. Spark offers the perfect sound for music across all platforms, be it streaming or download.
